GAME INSTRUCTIONS

- Ride your motorcycle in each rally. You must qualify in order to advance to the next heat.
- · Avoid other bikers and obstacles, or you will crash.
- Pick up items dropped by the helicopter for bonus scores and powers.
- . Make sure you get gas along the way, or you will run out.
- Qualify to a good standing in order to be able to tune up your bike for better equipment.

BONUS ITEMS

1000 Points Bonus

Hi-grade gasoline (won't run out as fast)

Helper Motorcycles

Turbocharger

Extra Gasoline

Invincibility
(prevent accidents)

TUNE-UP SHOP PARTS

If you win a race (place in top ten), you get the option of upgrading your bike. These are the items available. You can only choose one item per visit.

ENGINES:

2 cycle type. 0-200 mph. Good when quick engine response is needed.

4 cycle type. 0-200 mph. Good for the long straight run.

TIRES:

Rain Tires. Non-skid.

Block Tires. Used for off-road driving.

Slicks. Used for highways at high speed.

SECRET GAME HINTS:

- Know the racing course well, and make use of it's features. Certain places can cause other racers to crash, letting you go on safely.
- Other racers tend to swerve in front of you here and there. Make THEM crash; you'll pass them easily!
- When you stop for gas, remember that 5 racers will have to pass you before you can go on.
 Balance gas and winning here.
- Helper motorcycles will crash the other racers without any damage to you or them. If you have helpers, then crash all you can!
- Certain parts of the course have interesting challenges. For example, on level 2, there is a
 jump near the beginning right over a blue truck, which then chases you, crashing any motorcycles in it's path. Keep going at top speed, and let the truck do all the dirty work for you!
 Just make sure you suddenly pull aside and stop when the lane gets clear, as the truck will
 speed up, and it may crash into you.
- Certain parts of the track may be paths, even though they will not look like it. The boat dock in level 2 is a good example. Just do a top speed run.
- Make sure you have the right tires. You need the Block Tires in the Phoenix run in order to get top speed.
- The Turbo really increases your speed during the run. Make good use of it when you get it. It can mean the difference between winning and losing.

CAUTION DURING USE:

- 1. If you play for long periods, take a 10 to 15 minute break every hour or so.
- This equipment is precision-built. Do not use or store it under conditions of extreme temperature, or subject it to rough handling or shock. Do not disassemble the unit.
- Do not touch the connectors or let them come into contact with water, as this
 can cause malfunction.
- Do not clean the game pak with volatile solvents such as thinner, benzene or alcohol.
- 5. Store the game pak in its protective case when not in use.
